## SCM Instructor's Manual

The SCM Instructor's Manual is the most valued resource of all SCM Instructors. This three-ringed binder with colored dividers separating each content section contains everything the trainer needs for staff training including step-by-step coverage of how to: introduce SCM, understand the reasons for training, teach SCM, promote positive growth & behavior, understand individuals, identify and understand behaviors of concern, respond to behaviors of concern, implement emergency safety interventions (includes step-by-step photos and descriptions of each assist), conduct functional behavior assessments, use behavior support planning, complete, review and evaluate the incident and create SCM policy. It also contains lesson plans, various handouts and suggested activities for every concept to be taught during staff training. Every instructor receives a manual during their initial certification training; however, an extra copy could be a wise purchase in the event originals are misplaced or damaged. Be sure you have the materials you need!

**\$40.00**

**\$20.00 insert only**

**Can only be purchased by SCM Certified Instructors - Not available to the general public.**

## Safe Crisis Management Workbook

### Standard or School Edition Available

This is the companion document for the SCM Instructor's Manual and a vehicle by which your training effort is recorded and professionally verified. Presented in an interactive format, the workbook provides a step-by-step coverage of the SCM curriculum including: understanding the reasons for training, promoting positive growth & behavior, understanding individuals, identifying and understanding behaviors of concern, responding to behaviors of concern, implementing emergency safety interventions, conducting functional behavior assessments, using behavior support planning, completing, reviewing and evaluating the incident, suggested readings, glossary and a trainee assessment sheet. Using this workbook provides organizations, instructors and trainees with an indispensable tool for managing aggressive behaviors.

The School Edition is also available for this workbook. It still contains the standard SCM curriculum, but has been formatted specifically for the education setting. The workbook uses education language and references, and we've added some pieces we are sure you are going to love.

## SCM Impact Cushion

The Impact Cushion is a tool to assist teachers and social service professionals in the safe management of aggressive individuals. The cushion is designed to prevent injury during emergency safety physical interventions. Specifically, the Cushion is designed to reduce head and facial injuries that are associated with head banging and/or face rubbing behavior.

The Impact Cushion cannot guarantee that injuries associated with behavior during emergency safety physical intervention will not occur; however, it can reduce that potential and it will provide direction for staff during such incidents. Availability of this tool for your staff will demonstrate your organization's attempt to reduce injuries. When child abuse allegations are investigated, the staff and the organization can point to a professional attempt to reduce the injuries which trigger the allegations. The current concern regarding the use of emergency safety physical interventions in crisis management dictates that all organizations emphasize "Safety". **The SCM Impact Cushion is a statement of "SAFETY"! Plus New Elastic Hand Straps!**

**Dimensions:** 16" x 16" x 2", Heavy duty vinyl covering - anti bacterial & anti fungal. 2 sewn in elastic hand straps on reverse side of cushion. Patent # 5928755

#### **Discounts Available for Bulk Orders:**
